

泰山学堂实验班说明

2009 年教育部启动“基础学科拔尖学生培养试验计划”，作为入选该计划的 20 所高水平研究型大学之一，山东大学于 2010 年成立了“泰山学堂”，全面负责“基础学科拔尖学生培养试验计划”的实施。学堂 2018 级物理取向学生是从自愿报名且符合条件的 255 人里选出的 18 名优秀学生。

学堂课程设置难度较大，大部分采用原版课本，实行英语或双语授课，期末考试单独出题，试题难度大于普通班。

Explanation of GPA at Taishan College

Taishan College originated from the *Basic Research Training Program for Top-notch Students of China*. The program is promoted by Ministry of Education of the People's Republic of China and carried out in 20 top universities all over China. The 2018-grade students in Computer Science Program of Taishan College are 18 elites selected from 255 qualified competitors candidates.

Courses taught at Taishan College are much more difficult than those at the School of Computer Science and Technology. Students in Taishan College learn from original English textbooks in bilingual classes and take separate tests. Their scores are given in much more rigid criteria.
